LEASE BIG BUILDING

Alexandria Hospital Building on Wolfe Street to be Used as Temporary Boarding House for Steel Company Employees.

The Alexandria hospital building on Wolfe street has been leased for a year, the rent for same paid in advance, and the building will be shortly turned over to parties who will open it as a temporary boarding house for employees of the Washington Steel and Ordnance Company.

The lease was drawn up late yesterday afternoon and signed today, for one year. It provides that the house shall be vacated by next week Saturday, September 22d, and as soon as that is done the necessary changes will be made to provide for the accommodation of the men who are expected to be arriving in the city from time to time for employment at the steel plant.

Who the name of the gentleman is that will manage the house is not given out as yet, but it is expected that he will arrive in Alexandria within a few days.

The house will be used simply as a temporary boarding house for the men on their arrival in the city, affording them a place to stay until they can obtain permanent boarding houses or secure homes for their families, as may be necessary. Recent experiences in locating the men who have already come to Alexandria seems to have rendered this action necessary, and as soon as the plan was decided upon quick action was secured. The price to be paid for the rent is said to be a liberal one on account of the fact that the property is owned by the hospital trustees and is an Alexandria institution.

TO HURRY LIBERTY MOTORS

Industry Being Organized to Turn Them out in Quantities.

Washington, Sept. 14.—Further details of the Liberty motor, as revealed by Secretary Baker, make it appears that American engineers in designing an entirely satisfactory power plant for battle airplanes have solved one of the chief problems of the War Department.

Locked in the room of a Washington hotel for days at a stretch, two of the country's most eminent mechanical authorities, with the assistance of a score or more of consulting engineers, finally evolved an engine that possesses the prescribed requisites of power, speed, serviceability, minimum weight and adaptability to rapid production. The model, which has proved its value in numerous severe tests, combines the most valuable features of the European machines.

Secretary Baker announced that the motor had been found by expert engineers and army officers to be so satisfactory that the work of organizing industry for manufacture already had begun and that deliveries soon might be expected.

Dismisses Secretary.

Stockholm, Sept. 14.—Oscar Werlof, first secretary of the foreign office, was dismissed from the service today.

The dismissal follows too closely on the revelations of Sweden's acting as messenger for the German government not to suggest that it was directly due to America's announcement of this intriguing.

Chases Prey 36 Hours

An Atlantic Port, Sept. 14.—A victim of Germany trickery, the British steamship Cambrian Range, is reported to have been sunk. Disguised as a peaceful merchantman, a German raider followed the British ship thirty-six hours before she raised a German flag and demanded the captain to surrender.

ARGENTINE INDIGNANT.

Von Luxburg Dodges Threatening Crowds in Buenos Aires.

Buenos Aires, Sept. 14.—Count von Luxburg, the German minister whose passports were sent to the German legation yesterday by the Argentine government because his objectionable messages to Berlin through the Swedish foreign office had rendered him persona non grata dodged threatening crowds which were waiting for him on his arrival at Buenos Aires from the interior yesterday.

Count von Luxburg was persuaded by the police to leave the train at San Martin 12 miles outside when news of the crowds that had gathered at the Buenos Aires Railway terminal reached him.

The chief of police was on hand with his automobile at San Martin, together with a large guard of secret service men, and the Count was conveyed to his home in the chief's car.

"And these are my friends, the Argentines," he exclaimed to employes of the legation who met him. "What has happened?" he asked. "I know absolutely nothing. What has transpired?"

The Count, however although shown the Washington messages of last Saturday exposing his suggestion that Argentine ships be sunk "without leaving a trace," and his aspersion upon the acting minister of foreign affairs of Argentine, ignored an invitation to deny their authenticity.

The foreign office had no information yesterday as to when Count Von Luxburg will go to Paraguay, or what route he would take on his journey. The general opinion is that Von Luxburg will go to Paraguayy, to which country he is also accredited as minister, providing Paraguay agrees.

The Swedish colony here, after a long discussion of the Washington expose of the Luxburg affair, which involved the Swedish legation, has given out the following:

"We protest against the person or persons whose unusual procedure has created the uncomfortable and difficult situation in which the Swedish colony today finds itself, and we express the most complete disapproval of these measures on the part of Sweden which violate the most sacred rules of neutrality."

PRETTY WEDDING.

Mrs. Bertha Taylor, of Alexandria, Becomes Bride of Mr. Matt J. Angevine, of Hoboken, New Jersey.

A very pretty wedding and reception was given on Tuesday night, September 11th, at the residence of Mr. and Mrs. J. H. Harrington, in honor of their sister Mrs. Bertha Taylor, who became the bride of Mr. Matt J. Angevine, of West Hoboken, New Jersey. The bride was attired in a dress of white net over satin and was attended by her niece, Miss Pearl Harrington, who wore a dress of white tulle. The bridegroom had for his best man, Mr. Frank Harrington, a nephew of the bride. Two little nieces, Dorothy Harrington and Estelle Chichester, were flower girls.

The wedding cake and also the table and dining room was artistically decorated with the national colors.

The couple received many gifts, among them being a handsome silver set from the officers of Battery A, 12th Field Aritllery, of which Mr. Angevine is attached. Music was furnished by Professor H. F. Chichester and Miss Pearl Harrington.

Among those present were Mrs. M. E. Chichester, Mr. and Mrs. J. H. Harrington, Mr. and Mrs. J. F. Chichester, Mr. and Mrs. H. Chichester, Mr. E. F. Lawson, Mis Kath Tracy, Miss Pearl Harrington, Miss Laura Robinson, Mrs. Lola Kyle and daughter, Miss Dorothy Harrington and Misses Estelle Chichester, Lieut. Bernstein, Sergeant Simpkins, Callahan and Heydanbrick, Mr. Frank Jones, Mr. Frank Harrington, and Master Josiah Taylor. After congratulations from all present, the party retired to the dining room where toasts weer given by nearly all present and after refreshments were served. The couple left on a bridal tour. After September 15th, the ywill be at home to their friends, 1303 Queen street, this city.

Decrease in "Sub" Sinkings.

Practically all American merchantmen in the trans-Atlantic trade now are armed with guns manned by experienced naval gunners, it was learned from official sources today. In the very near future Great Britain will be in the same position. To this arming of ships and the present plan of naval convoys, which also is most successful, naval officials attribute the falling off in the German submarine campaign.

The ninety-third session of the University of Virginia opened yesterday. Although the authorities expected a considerable reduction in numbers on account of war conditions, a large number of students reported for matriculation. It is too early yet to make a prediction as to numbers, but a very conservative estimate is that there will be a loss of some 25 per cent, as compared with last session, which saw the largest enrollment in the history of the institution.

Mr. Everett Toy is ill at his home, 827 Wolfe street, with typhoid fever.

The regular weekly prayer meeting will be held at the Anne Lee Memorial home at 7:30 this evening.

Mrs. Potts, who has been visting her daughter, Mrs. C. Keith Carlin, has returned to her home in Ashland, Va.

Howard W. Smith, commissioner, has sold to Mary B. Gordon a house on the north side of Prince street, between Henry and Fayette, also house 1109 Queen street.

The funeral of the late Miss Anna Thomas Marbury was attended by a large number of relatives and friends this afternoon at four o'clock at St. Paul's Episcopal Church, the Rev. P. P. Phillips, officiating. The interment was in St. Paul's cemetery and was private.

It is hoped there will be a large attendance at the mass meeting to be held tonight at the Chamber of Commerce at eight o'clock. The object of this meeting is to make arrangements for knitting, comfort sets for the boys of Company G, Alexandria Light Infantry, and for the drafted men who have gone from our city.

CALL A BIG SHIP STRIKE

Seattle Unions Act to Enforce Demand in Lumber Trade.

Seattle, Sept. 14.—A strike of more than 5,000 union shipwrights and joiners and shipyard laborers has been ordered to begin in Seattle shipyards today to enforce a boycott declared September 1 by the Seattle Central Labor Council, the Seattle Building Trades Council and the Seattle District Council of Carpenters against lumber turned out by mill operating on a 10-hour work-day base.

The strike, which was ordered at a conference held today by representatives of the Seattle Metal Trades Council, the International Union of Timber Workers and the Shingle Weavers International Union, would tie up every wooden shipyard in the city, the union representatives declared, and within less than a week would stop work in all steel shipyards as well. The action would affect 15,000 union workmen.

The purpose of the strike is the enforcement of organized labor's demand that the Seattle shipbuilders cease using lumber manufactured by mills that have refused to grant the eight-hour day, for which the union timber workers and shingle weavers of the State have been on a strike since July 16.

I. W. Agitator in Camp

Camp Sherman, Chillicothe, Ohio, Sept. 14.—Placarding of Camp Sherman with signs reading: "Join the greatest union in the world—Idustrial Workers of the World," and stirring up agitation among 12,000 workmen in camp was bruptly brought to a stop today with the arrest of a man giving his name as William Flynn, of Duluth. Flynn said he was one of the chief organizers of the I. W. W. A fake registration card, dated Duluth, and showing that his home was in Westchester county, N. Y., was found on him.

U. S. Building Biggest Navy.

Annapolis, Md., Sept. 14.—Plans of the United States Government to build the world's greatest navy were officially disclosed for the first time by Secretary Daniels, in an address at the Naval Academy today at the gradution of 192 ensigns in the naval reserve.

As an indication that the program for the world's greatest navy already is well under way Secretary Daniels divulged that the navy today has three times as many fighting ships in commission as it had six months ago, as a result of war time construction now completed.

He gave several exhibitions in Washington the past week.

STILL AFTER VAGRANTS.

Two More Brought Before the Police Court This Morning and Ordered to go to Work.

The police of this city are still watching slackers in the shape of certain individuals who are engaged in killing time while every industry in Alexandria is endeavoring to procure men.

A young white man, residing in the southeastern section of the city, was made to face the bar of the Police Court this morning to answer the charge of vagrancy. Among other things he was asked if he was a married man. He answered that he was, but had not lived with his wife during the past two years. He said he had registered, but lost his card. He, however, remembered his number. The accused was given one hour in which to obtain employment with the understanding that he would be re-arrested if found "standing all the day idle."

Frank Jackson, colored, was before the court yesterday charged with vagrancy. He was released when he assured the justice he would proceed to the glass works and procure employment. According to the officer who made the arrest, Jackson steered clear of the glass works and went home. It was also stated that his sister had prepared his breakfast this morning, so he would have no excuse for remaining away from the plant. When asked if he had anything to say in his defense, Jackson said he had intended to obey the order of the court, but was taken sick soon after leaving the station house. The young white man who had been arraigned first said he would proceed to the shipyard and ask for work. Jackson was ordered to accompany him, as the glass plant adjoins the shipyard.

Two soldiers arrested for drunkenness, were ordered to be held subject to the action of their commanders.

Frank Bird, colored, charged with larceny, was ordered to be held five days in order that the charge may be further investigated.

To Get Pay Increase.

General increases in pay to be effective October 1 in all navy yards will be announced Monday, Asssitant Secretary of the Navy Roosevelt said today.

Mr. oRoseevlt is the navy's representative on the wage adjustment board, which for the last three weeks has been going over reports from all navy yards and arsenals, with a view to making wage scales for Government employes identical with those of neighboring private plants.

The wage scale for arsenal workers will not be announced for several weeks. Heertofore wage increases in navy yards have gone into effect only on the first of the year. Making the is a wartime departure.

THE JEWISH NEW YEAR

Bethel Congregation in Alexandria to Usher in the Day on Sunday Evening Next With Appropriate Services.

The Jewish people of this city will on Sunday evening, next, September the 16th, enter their houses of worship, to usher in their Rosh Hashanah, or New Year, 5678, which marks the beginning of the cycle of sacred observances held during the month of Tishri, the seventh month of the Jewish calendar. While every New Moon, in ancient times, was greeted by the sounds of the Shofar (trumpet), the seventh month or New Moon, coming after six months of work in the field, was welcomed with religious exercises as a month of rest and recreation by the agricultural inhabitants of Palestine. (Numbers X. 10).

The services to be held by Bethel congregation in this city will open at 6:45 on Sunday evening, in charge of Rabbi Henry J. Berkowitz, of Cincinnati, Ohio, in their synagogue 206 north Washington street. Services will also be held there on Monday morning at ten o'clock. The public generally is invited.

The Jewish New Year is known by different names, and each expresses something of its spiritual significance. Numbers XXIX. I, designates it as "The Day of Blowing the Trumpet (Shofar)." New Year occurs in the autumn when the falling leaf and fading flower turn man's mind to serious reflection, and sounds the admonitory message: "Awake, and ponder your deeds; remember your creator return to Him in penitence. Be not of those who reach out after shadows, and waste years seeking vain things which cannot profit or deliver. Look well to your souls and consider your acts; forsake each of you his evil ways and thoughts, and return to God, that He may have mercy upon you."

Rosh Hashanah is also known as The Day of Memorial, The Day of Judgment, of self-examination. Tradition tells us that on this Day the Ruler of Life weighs the doings of man, and allots to each his destiny, as it were, for the coming year, for wear or woe, for life or death. "Shall a trumpet be blown in the city, and the people not tremble?" (Amos, III, 6) "For the Lord is our judge; the Lord is our law-giver; the Lord is our king; He will save us."

Its message to man is threefold: (1) to contemplate all experiences of the year—joyful and sorrowful—in the light of discipline, by the ruler of human destiny, and to renew our trust in Him; (2) to scrutinize our conduct, conscious that God, the Just Judge of the world, searches the heart, and to consecrate the new year to a nobler life; (3) and to look upon the life story of Israel as of one's self in the light of God's revelations on Sinai, Moriah and Zion.

Special music and prayers mark the observance of the Feast, which though solemn in nevertheless replete with the spirit of joy and optimism. While Orthodox Jewry devotes two days, Reform Judaism observes only one day.

SHOT SELF THREE TIMES.

Jury Decides Unknown Man at Ocean City Was Suicide.

Ocean City, N. J., Sept. 14.—The Coroner's jury returned a verdict of suicide in the case of the unknown man found dead here Tuesday evening. It was testified that the man probably shot himself through the breast, then in the left ear, the bullet going through his right cheek, and then fired another shot into his forehead.

A number of persons assert that the man could not possibly have killed himself because of the position of the wounds. It developed that the man was left-handed, as the heavy revolver was found in his left hand, clasped by the four fingers and the thumb on the trigger. The police authorities scoff at the murder idea, however. Their theory is that the man had troubles that made him temporarily insane. He was seen walking on the beach and under the Boardwalk by Charles Elinghausen at various times Monday afternoon. Chief Scull had photographs taken of the dead man, and these are being put in various places to aid in identification.

LAST NIGHT'S MEETING

Some Earnest Speeches Made in the Interest of Better Co-Operation Among Business Men.

Last night's meeting of the Retail Merchants' Association, held at the Chamber of Commerce rooms, ought to result in bringing about a spirit of co-operation in the city that should mean much for the future good of Alexandria. The only regret expressed concerning the meeting is that every retail merchant in the city was not present. They would have heard facts which were interesting enough to keep the sleepiest kind of a man wideawake.

As the Gazette stated yesterday, there is going to be "more things doing" in Alexandria from this time on, and if the retail merchants, who can profit by them perhaps more than any other line of business men, want to get their share, it behooves them to show the proper spirit of co-operation and assist in the efforts being made to make business better. It is hoped and believed that this will be done.

Committee on Co-Operation.

As a result of last night's deliberations a committee of ten of the Retail Merchants' Association was appointed to be known as a committee on co-operation, as follows:

L. Ruben, S. Bendheim, S. F. Dyson, R. E. Knight, J. D. Matter, C. B. Swan, R. Blumenfeld, J. Wolfe, E. R. Elliott and B. Weil.

Included in the business of the meeting was the adoption of a resolution to arrange to provide a lunch or dinner for the hundred men who are expected to arrive here sometime next week for the steel works as soon as they reach the city and to have a committee of business men to meet them and extend a hearty greeting, on behalf of the city's residents.

Brief speeches were made by President S. W. Pitts, of the Merchants' Association, who presided at the meeting, also by Robert L. Payne, Leopold Ruben, John H. Trimyer, J. Y. Williams and others. The advantages which the Washington Steel and Ordnance Company's proposition will bring to Alexandria was frankly discussed and facts made known which promise to be of great value to the city. Each of the gentlemen stated that they realized that the opportunity now presented was the best that had come to Alexandria in many years and emphasized the necessity of every citizen meeting each other upon the common ground of co-operation and pulling together for the good of the entire city. Much was said which lack of space forbids publishing at this time.

Mary Pickford in "Rebecca of Sunnybrook Farm.

One of the most pretentious film mond theatre will make its initial appearance there Monday when Mary Pickford is seen in her newest Artcraft picture, "Rebecca of Sunnybrook Farm."

"Little Mary" with her effervescent youth, her genuine comedy and her wonderful knowledge of dramatic technique, is the ideal person to immortalize the little girl of the New England village, who though dominated by two crabbed old aunts, does not permit it to crush her spirits.

How she fights with the Smellie children, sells soap to get a lamp for Mrs. Simpson, gives a circus in a barn from which she is routed by the aunts and how she meets Adam Ladd and how after graduating from school they are again brought together is all brought out in typical Pickford style. This picture offers the famous screen queen a character that carries with it even greater charm than that presented in her other well known pictures.

It comes to the Richmond direct from the Columbia Theatre, Washington.

German Tyrant Shoots Belgians.

Paris, Sept. 14.—Reliable information that has reached the Belgian government at Havre indicates that Von Falkenhausen, the new governor, is more brutally cruel than his predecessor, Von Bissing. The civilian population is being crushed under an iron rule, no less than thirty persons being shot monthly by his order.

LAST NIGHT'S MEETING.

After the seventy years' captivity of the Jews, they were allowed by King Cyrus to return to their own land to repair their lost fortunes. While most of their leaders were optimistic, some of the race suffered from apathy, which was kept kindled by hostile peoples nearby. But in the Book of Nehemiah we read these words, "So we built the wall, for the people had a mind to work." We are further told that the ancient people worked with a trowel in one hand and a sword in the other. The Israelites at that time had determined men as their leaders, and the examples set by these worthies has come down the ages.

For many years Alexandria has suffered in a great measure from ennui. In by gone days we waited for things to come our way, and have allowed many opportunities to pass by us.

But the present generation of Alexandrians are determined not to allow other processions to pass in the night, and that they are up and doing was shown by the attendance at the meeting in the Chamber of Commerce rooms last night. Many of the representative business men of the city were present and vieing in taking the tide, which is turning our way, at its flood. The object of the meeting was to bring about co-operation, and this was accomplished.

It will be seen elsewhere in the Gazette that certain parties have leased the old Alexandria Hospital building for the purpose of housing employees until boarding houses can be procured or homes rented by them.

It is known that officials of other plants have of late turned their eyes toward Alexandria, and there is reason to believe that recent movements are but the prelude of others which are coming this way. Let us heartily adopt the example set by the Hebrews of old, and our wall will be constructed as was theirs by hearty co-operation.

PREPARE FOR A FIGHT.

While the democratic party of the state has no cause to fear any inroads into its ranks by the republican organization, the State Committee is preparing for the contest, and the meeting held in Richmond this week shows a determination not to allow any apathy to exist in the party. Napoleon believed in throwing all possible force against an enemy, no matter how insignificant. The members of the State Committee are animated by the same sentiment, and they will not allow any stone to remain unturned in their purpose to effectually snow under their political adversaries as they have often done before during the past half a century.

While there is not nothing in the movements of our political enemies to cause uneasiness, the solid democratic front should be presented, and columbiads used the same as if the democrats had formidable competitors.

In 1872, when Horace Greeley was the democratic nominee for President, the democrats allowed themselves to be defeated by the commander known as "General Apathy." To the disappointment of many members of the party, it was seen after the returns had been received that Virginia would cast her vote in the electoral college for Ulysses S. Grant, who was never to be intended to be the choice of a majority of Virginians. This chapter in the history of the Old Dominion is often referred to as a warning to other generations who may be tempted to "go fishing" on election days.

The United States has embarked into a war which may last for years, although some observant people prefer to believe the conflict will close with the present year. In the midst of the many issues confronting us at present some may not deem it incumbent to vote, especially when no serious issue is to be determined in Virginia. All qualified voters, however, should deposit their ballots. This is as important as any other duty. We want the solid democratic column as before, and in order to maintain it there must be no slackers next November.

NO HOHENZOLLERN DEAL.

As has been repeatedly stated, President Wilson backed up by the people of the United States will enter into no deal with the Hohenzollerns. When this country entered the war it did not do so in behalf of Belgium or else it would have entered it the moment of the invasion of that unhappy state. It did not even enter on account of the submarine atrocities or it would have entered when the Lusitania was sunk. It entered the war for the grim and determined purpose of making such atrocity as that which menaced American freedom and democratic institutions impossible in the future. It revocates various grievances. But its demand was for the abandonment by Germany of its military tyranny under the guise of a government with semi-popular institutions.

So that, should the Kaiser be prepared to yield up Belgium that was ravaged without cause with savage fury, Germany would not thereby escape the pains and penalties it has incurred.

As the Baltimore American says, the United States will fight irrespective of Belgium, Alsace and Lorraine or Rumania or Serbia, or any other territory involved, until the crew of foul parasites seated upon the German throne or associated in the support of its reeking bloody debauch shall be utterly done for once and forever. If the German people, resentful of the heinous inflictions of their rulers upon them, have sense enough to understand this and to act, well and good. But the fiat has ogne forth and the doom of the Hohenzollerns is written in the wide open book of democracy's demands.

ASTOUNDING DEFAULTER.

Worthy of the tragedies of the silent drama in the case of the head of the great New York Chemical Bank, an institution with Gibraltar reputation, and exercising corresponding influence in the business world. That the president of such an institution, a man drawing a phenomenal salary and with various avenues open to him for accumulation, should have died a defaulter to the extent of three hundred thousand dollars, is astounding.

A contemporary truly says that any board of directors should hold in the presidency of such an institution such a known profligate—a man who had been through the divorce courts and was an abandoned supporter of courtesans is another matter that should be brought home to the men responsible for his preservation in the presidency.

Yet with all outward respectability, this man carried on his expensive amours and made victim to his excesses an aged woman whose trust funds he appropriated presumably for his carousels. Dum vivimus vivamus was his motto and the Count of Monte Christo his ideal, and he ran through his own fortune as fire through chaff. Such is the story in brief of prodigality in high places. His defalcations he managed to keep hidden until death, the great revealer, disclosed them. Without pausing to point the obvious moral, it will suffice to hasten to the conclusion that an institution that maintains a man of the moral caliber of this one at its head is censurable.

CHURCH OF ST. QUENTIN.

It took three hundred years to build the temple of Diana at Ephesus. Erostratus, a deluded youth, set it on fire, and one of the seven wonders of the ancient world was destroy in one night. Four centuries were required to erect the Collegiate Church of St. Quentin in France. It was destroyed by the Germans in that many hours, after it had been stripped of its priceless treasures.

While not of such world-wide fame as the Cathedral of Rheims, and although it lacks the spectacular historic associations of the great structure which saw the culmination of Joan of Arc's efforts, the Collegiate Church of St. Quentin, so recently ravaged by the Germans, was one of the finest Gothic structures in all France.

It took four centuries to complete the St. Quentin Cathedral, and perhaps four hours to destroy it. Work completed in 1257. The nave was began in 1114, and the choir was finished two hundred years later and the south portal in 1477. Strikingly beautiful features of the building were the seven apsidal chapels and the wonderful stained-glass windows in the principal transept.

MUST RECLAIM REJECTED

Physician Says War Needs Whole Man Power of Nation.

Cleveland, Sept. 14.—How men rejected by the army on the ground of physical unfitness may be reclaimed by proper training and medical care was exxplained by Dr. John H. Quayle, of Cleveland, to members of the American Hospital Association, in annual convention here.

More than 2,000,000 rejected mer can be made as able to serve as those accepted," he said. He advocated the establishment of reclamation camps near large cities where the services of specialists can be obtained. "Only by mobilizing the whole man power of the nation can we defeat the Prussians," Dr. Quayle added.

The need for preserving the health of civilians wa semphasized in today's sessions of the convention. Dr. William H. Walsh, captain in the United States medical corps, pointed out that a high average of health among civilians would make it possible to spare more doctors for soldiers in the field.

SIX MORE PICKETS SEIZED

Women Arrested at a White House Gate With Banners Waving.

Washington, Sept. 14.—Six more suffrage pickets were arrested at the east gate of the White House yesterday and face at least 6 0days in the District Workhouse at Occoquan. The women were Miss Katharine Fisher, Miss Ruth Croker, Miss Nina Samaradin, Miss Anna Gwinter and Mrs. Mark Jackson, and Mrs. Frederick W. Kendall, of Hamburg, N. Y., Miss Samaradin has been in this country only a few months.

While standing with their banners unfuried in front of the Executive Mansion awaiting the arrival of the police patrol to take them to the station house, a sailor dashed up and tore one of the standards from the pole. The crowd gave him a cheer. The six pickets were released on bail to appear in Judge Mullowny's Police Court tomorrow morning.

The Senate Committee on Woman Suffrage reported favorably yesterday the Susan B. Anthony suffrage purpose of the Senate leaders to amendment resolution. There is no press it to a vote this session. A similar resolution was reported at the last session.

PUT SCREWS ON VARDAMAN

Mississippi Legislature May Demand Senator's Resignation.

Jackson, Miss., Sept. 14.—When the Mississippi Legislature convenes in special session next month it is strongly probable that a resolution will be introduced demanding the resignation of Senator Vardaman on the ground that he has been disloyal to the nation and untrue to the Democratic party.

It is positivvely known that letters have been exchanged betwee several members of the Legislature in which the advisability of demanding Senator Vardaman's resignation was discussed, and while no positive statement of the intentions of these members can be secured at thos time, the belief is current in political circles the official conduct of Senator Vardaman and his alleged pro-German utterances will be almost the first subject brought before the law making body.

Governor Bilbo is expected to announce on Saturday the date he has chosen for the special session and it is believed thta the Legislature will assemble here within three weeks.

HOSPITAL AID FACES COURT.

Sergt. L. Z. Fauteaux Charged With Barring Injured Man.

A general court-martial was ordered yesterday by Surgeon General Gorgas to try Sergt. Louis Z. Fauteaux, of the Walter Reed Army Hospital, charged with denying admittance yesterday to G. W. Daymude gatekeeper of the Baltimore and Ohio Railroad crossing at Silver Spring, Md., after he had been brought to that institution suffering with a fractured skull, having been struck by a train. The formal charge for which Fauteaux must stand trial is "neglect of duty."

Daymude who was struck by a passing train while at his post near Silver Spring, was found soon after the accident by William Thompson, a conductor, and was taken to the Walter Reed Hospital, where, it is claimed, Fauteaux refused to allow Daymude to be taken in for medical attention. He was immediately taken to the Emergency Hospital in Washington. At a late hour last night he had not regained consciousness.

NEWS NOTES FROM DEL RAY AND ST. ELMO

Del Ray, Sept. 14—Mrs. F. G. Mountcastle, of Richmond is spending a fortnight with her daughter, Mrs. E. A. Barrett in Del Ray.

Mrs. H. A. Mallory has returned to Del Ray after a short visit to friends in Richmond.

Mr. and Mrs. Joseph Nolan of Del Ray have a son.

Mr. and Mrs. Cecil V. Brooks have moved from their apartment on Windsor Avenue to an apartment in the house occupied by William Wood in Carroll avenue, Del Ray.

It is worth a visit to the home of Mrs. W. C. Woodburn, Windsor avenue, Del Ray, just to see the lovely needlework and crochet work she has been doing this summer. And if anyone desires any of her work for holiday gifts they should make haste in placing their order.

BREAKS FLYING RECORD.

Six Hours in Air With Fourteen Passengers Riznati's Feat.

Norfolk, Va., Sept. 14.—Capt. Riznati, of the Italian army, one of the flying corps sent to America to help qualify men as aviators, yesterday took up fourteen passengers in a powerful Capronicar, breaking a world's record. He circled the Virginia peninsula, flew far into the country over Hampton Roads, and went almost as far as Cape Henry over the water before he came back to earth.

He ascended at 12:30 yesterday afternoon and, dispite a northeast blow, drove his machine at terrific speed for an endurance run of four hours over land and water.

He ascended to a height of over 6,000 feet, dropped down to half that height and soared up again to a few feet below 7,000.

He was still in the air when darkness covered the earth and was hidden from view of hundreds of officers and civilians who waited for his return.

There was some anxiety for his safety when he failed to return by 5 o'clock yesterday afternoon. When darkness came, and still he did not appear, there was talk of starting a search for him. Long before he landed, the noise made by the big machine was heard and the waiters breathed a sign of relief. He landed almost on the same spot where he left the earth at 6:30 yesterday evening.

Maj. Lopez, chief of the flying corps, sent over here from Italy, was up in a car similar to the one in which Capt. Riznati made his remarkable flight. He carried 12 passengers and flew far out over the water and miles inland. Northeast storm warnings were flying when Lopez and Riznati were in the air, seagoing craft held to harbor, but the powerful Italian aircraft apparently were proof against the wind and sailed as gracefully as a bird.

The distance covered by Capt. Riznati yesterday was greater, army officers said, than from Norfolk to New York. Maj. Lopez will attempt to fly to New York with 12 passengers in one of the Capronicars, probably on Saturday. Officials declined to say what time he would start, or where he would land when he reached the metropolis. They intimated that he might not land at all, as they wanted to make a round trip within a day.

TO SAVE THE BLUES

Richmond Delegation Pleads With Secretary of War.

Washington, Sept. 14.—A test case as to whether famous military organizations such as the Richmond Blues of Virginia will be preserved as a distinct fighting unit in Pershing's army or will be broken up and distributed among the other units was put squarely up to Secretary of War Baker yesterday by Senators Martin and Swanson and a Virginia delegation, who lodged a protest against the War Department's plans to dismember the Blues and wipe out their identity. Secretary Baker promised the Virginians to investigate the matter and to preserve the Blues if possible.

The Richmond Blues is one of the oldest military organizations in the country. It has a fighting history extending back 125 years, and is the pride of the old Confederate capital. When ordered to the Mexican border a year ago it was converted into a squadron of cavalry with a membership of 400 men, and divided into four companies.

The Blues, with the other Virginia National Guardsmen, reported to the Anniston training camp a week ago for intensive training for service in France. The camp commander decided to make artillerymen out of the Blues and distributed them among the various regiments now being organized there under the French plan of 3,000 to the regiment. This news caused a howl in Richmond and yesterday the two Senators and a Richmand delegation made a strong plea to save the Blues from being swallowed bodily by the regular army.

NEWS OF THE DAY

A policy was issued recently in London that Lord Kitchener would remain dead, at a premium of five shillings per hundred pounds (about $2.50 per $1,000.) Hundreds of persons are flocking to take similar policies. One firm announces that the widespread belief that Lord Kitchener is alive is causing a flood of applications, many of which are for much higher premiums. More than $1,000,000 of such insurance has been asked from a single firm, the applicants including army, navy, professional and business men.

Frank Van Tassel, a Branch county, Mich., farmer, who Wednesday shot and killed George Ralston, sheriff of Branch county, was killed by a posse of farmers early yesterday. Van Tassel, who was believed to be insane, killed the sheriff when the latter attempted to arrest him. Scores of farmers organized a posse late Wednesday and traced Van Tassel to his barn. When he attempted to escape from the building he was riddled with bullets, the message said.

Colonel Theodore Roosevelt made a flight in an aeroplane yesterday. The former President went up in a military aeroplane from the aviation training grounds at Mineola, N. Y. The machine was fitted with one of the new government Liberty Motors.

The Weser Zeitung says that the German reply to Pope Benedict's peace plea will contain no details, but will accept in principle the Pope's peace program. The paper adds that the reply will not be submitted to the main committee of the Reichstag.

Portugal has been declared in a state of siege, according to a telegram from Lisbon, on account of a general strike. All establishments in the Portuguese capital have been closed. Several persons, including a number of soldiers, have been wounded by the explosion of bombs.

The censor has just allowed the correspondents to "release the news" of the presence at the American Field Headquarters in France of a strong contingent of American artillerymen whose arrival had been carefully guarded from the outside world.

"You're not going to send me back to that hell hole, are you?" querried Charles E. Jericho, 30 years old who was released just two months ago after serving a five-year term in Sing Sing for burglary, as De Guida, of New York questioned him relative to some articles he was in the act of pawning. Then whipping a revolver from his hip pocket he placed the muzzle against his temple and fired before the detective could stop him. He died of the wound shortly after.

The war risk insurance bill carrying an appropriaton of $176,000,000 and providng allotments for soldiers' families, compensation for injuries and comprehensive insurance passed the House of Representatives yesterday. Only five Representatives among 324 present failed to vote for the bill that is to supplant the old pension system in this war. These five merely answered "Present" on roll call. Platt, of New York, and Hersey, of Maine, at first voted 'No," but both later changed their votes. Platt switched to "Present" and Hersey to "Aye."

Dealers in old iron may have a harvest in Germany after the war. The Kaiser has bestowed 2,250,000 Iron Crosses of the second class since the war started.

Light receipts of wheat compelled the Washburn-Crosby Company of Minneapolis, Minn., to shut down its flour mills yesterday, and other large milling companies expected they would be obliged to follow suit. Paralysis of the milling industry is threatened, while orders for flour continue to pile up and the country faces a bread famine. The Minneapolis flour mills have never before shut down in the middle of the harvest season.

BANDITS SPREAD TERROR

Cut Wires, Lock Marshals in Box Cars and Rob Bank of $2,400.

St. Louis, Mo., Sept. 14.—After cutting all wires leading from Sullivan, Mo., 55 miles southeast of here, four automobile bandits early yesterday locked the two town marshals and a telegraph operator in a box car, rode through the town firing guns to make citizens stay indoors, blew the safe of the People's Bank, robbed the postoffice and escaped.

News of the raid was telephoned to the St. Louis police from towns near Sullivan.

Later it was announced that from the People's Bank the bandits secured $2,400 and from the St. Louis and San Francisco Railroad station $40.

REQUISITIONS ISSUED.

Four Men Wanted for Attacks on Ohio.

Governor Stuart has issued a requisition on the Governor of Ohio for J. N. (Mike) Neff, Paul Neff, David Neff and Luther Fry, wanted in Shenandoah County for attacking Sheriff Stoneburner. Sheriff Stoneburner went out to arrest Mike Neff for a misdemeanor and was set upon and badly beaten by all four of these men according to statements made to the Governor. They are now in jail at Ottawa, Ohio. Wade H. Prince, Deputy Sheriff of Shenandoah county, went after them.

L. C. Tanner has a requisition issued on the Governor of Pennsylvania for Eli and Harvey Churchwell, wanted for desertion. Henderson is held in jail at Greenville, Pa., and Churchwell is held in jail at Philadelphia. L. C. Tanner, probation officer of the Juvenile Court, went after them.

Governor Stuart honored the requisition of the Governor of Maryland for Roy Bowen, wanted in Baltimore for housebreaking. Bowen is now in the penitentiary. When his term expires Saturday Thomas F. Hogan, an officer from Maryland, will be on hand to take him in charge.

ED

GERMAN DUPLICITY.

Swedish Charge at Mexico City Proved an Underground Go-Between.

The State Department yesterday exposed another instance of sinister co-operation between Swedish and German diplomats in Latin America. Secretary Lansing gave out for publication a letter which reveals even closer co-operation up to March 8, 1916, between the German and Swedish representatives in Mexico, than that which prevailed in Argentina.

On the above date Herr von Eckhardt, German minister in Mexico, wrote the imperial chancellor at Berlin that Herr Folke Cronholm, Swedish charge d'affaires, had been the source of valuable information from the "hospital camp," was the only source of communication with Berlin, and personally filed the many German telegrams under the Swedish stamp.

Last January Cronholm was summarily dismissed from the Swedish service. He was last heard of in California. This was all that Baron Akerhielm, the Swedish charge at Washington, would admit that he knew of the case last night.

German-Austrian Peace Proposals.

London, Sept. 14.—Germany's answer to Pope Benedict was forwarded to Rome Thursda ynight and contains concrete proposals for a lasting peace according to Exchange Telegraph dispatch today from Geneva.

Rome. Sept. 14.—Austria's reply to the peace note of Pope Benedict XV has been received. The substance of the document, it is understood, was communicated to the Papal Secretary of State seevral days ago. The German note is expected to convey the answer of Bulgaria an Turkey.

Writs of execution were issued in Federal District Court in Charlottesville yesterday against the personal property of John Armstrong Chaloner, of "Merry Mills," Albemarle county to satisfy claims of his attorneys. Hugh Gordon Miller obtained a judgment last Julyy for $8,000 and William Dike Reed, one for $3,000, and after issuance of the writs yesterday it was said that since Chaloner deeded to the University of Virginia all his personal property before the origin of the attorneys' claims that the writs would be returned, and that proceedings in chancery court follow in an effort to subject Chaloner's real estate to the claim.

PERSHING'S ADVICE.

Tells American Soldiers to Place Their Trust in God.

New York, Sept. 14.—Major General Pershing has sent a message to American soldiers through the New York Bible Society, copies of which have been inserted in the small khaki-covered Testaments given to the men. The message follows:

"Aroused against a nation waging war in violation of all Christian principles, our people are fighting in the cause of liberty.

"Hardship will be your lot but trust in God will give you comfort. Temptation will befall you, but the teachings of our Saviour will give you strength. Let your valor as a soldier and your conduct as a man be an inspiration to your comrades and an honor to your country."

London, Sept. 14.—The American steamer Wilmore was sunk by a German submarine Wednesday, the admiralty announced today. The crew was saved.

The Wilmore was a steel screw steamer of 5,399 tons, owned by the Berwind-White Coal Company, of New York.

The Triumphal March of Bevo

A NEW CREATION OF SCIENCE AND NATURE

WHEN we announced *Bevo* recently, our hopes were high. We knew that we had the most unusual soft drink that had ever been offered: A beverage combining the nutritive extracts of wholesome cereals, the zest of choicest Hops, a flavor all its own, and absolute purity. We *knew* this because, true to our own ideals, we had experimented for years before we were satisfied to say, "We offer you *Bevo*—it is a different soft drink—it is good and it is good for you."

High as were our hopes for its reception, we have realized them far and beyond our expectations.

Bevo today is an established popular success. Everywhere the same question is asked:—"Have you tried *Bevo?*"

Now, one final word. We promise you that, in accord with the known principles of Anheuser-Busch and all its products, *Bevo* not only will forever maintain its present high standard of quality, *but* as time goes on our great endeavor shall be to make this soft drink even more perfect in every detail of its goodness.

You will find *Bevo* at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars and other places where refreshing beverages are sold.

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox.

Bevo—the all-year-'round soft drink

Bevo is sold in bottles only, and is bottled exclusively by

CHARGES ABDUCTION.

Pastor's Wife Forced to Take in Washing, Asks His Arrest.

Bridgeport, Conn., Sept. 14.—The Rev. Emanuel Luxardo, assistant pastor of the Trinity Church, is charged by his wife with abducting their two children, and today she appealed to the police to arrest him on a kidnapping charge. In her complaint she further alleges that, because of his failure to support her, she has been forced to work in private families and to take in washing.

According to the story Mrs. Luxardo tells, the clergyman Wednesday entered her home, 176 William street, and asked permission to take the children to a nearby confectionery to buy them some candy. Instead, she asserts, he took them to Hartford and there placed them in the care of persons at present unidentified.

The abduction, she admitted, is the sequel of numerous disagreements with her husband. The profession of saving souls has not been a lucrative one for her husband. To support the family, she maintained she had been forced to pawn all her jewelry since marrying, and says that for some time she has been engaged as a washerwoman to keep her home together.

AN APPALLING DROP.

War's Decimation in Ranks of German Social Democracy.

Berlin, Sept. 14.—The managing committee of the German Social Democracy has issued a condensed report which is to be submitted to the party's convention to be held at Wurzburg next month. The record covers the three years ending March 31.

The outstanding feature of the statistical record for this period is the appalling drop in the party's active membership. On March 31, 1914 this numbered 1,085,900. In March of this year the membership was but 243,000.

The report says that at the outbreak of the war half the male membership of the party was called to the colors, and since then fully 75 per cent of the party's roll members have been drafted. The rupture in the party's ranks, brought on by the defection of the independents, also has been responsible for the loss of members.

Three years ago the party counted 174,750 women members and now this number has decreased to 66,600. Despite the falling off in numbers, the report asserts that the political activity carried on by the party has been of greater intensity than ever and that the adoption of the peace resolution by the Reichstag was in no small measure due to Social Democratic propaganda.

Pastor Slays Opponent.

Lexington, Ky., Sept. 14.—The Rev. Edward Hubard, minister of "Christ's Church," a new religious sect in Lincoln county, and Republican nominee for sheriff, who killed M. S. Baughman, Democratic nominee, is in jail here for safe keeping. A mob has been reported forming.

Eye witnesses, however, say Hubard slipped up behind Baughman, shot him through the back of the neck, killing him instantly, and then fired three more shots into the body. Both men are leaders of politics and of widely known families.

MICHAELIS'S SUCCESSOR

Von Tirpitz Said to be Slated for Position of Imperial Chancellor.

Washington, Sept. 14.—The originator of ruthless submarine warfare and former grand admiral of the German navy, who is being considered in Berlin as a possible successor to Dr. George Michaelis, the imperial chancellor, according to a cable to the New York Sun.

Rome, Sept. 14.—A "war to the hilt" party is forming in Germany, the von Tirpitz advocates of "frightfulness" combining with leaders in Mecklenburg for stern repression of all peace talk, according to word reaching the Vatican today. A sharp political struggle is reported now in progress.

Pope Benedict was disturbed over this latest obstacle to peace, but was said to be nevertheless hopeful that the German liberal elements would prevail.

Other Vatican reports today indicate difficulties between Germany and her allies resultant from demands by Vienna, Sofia and Constantinople that those three capitals should have the right to approve or disapprove the central powers' reply to Pope Benedict before it is dispatched from Berlin to Rome.

German Minister Angry.

Mexico City, Sept. 14.—"The news is damn uninteresting to me," was the angry retort of German Minister von Eckhardt to the United Press here today, when efforts was made to obtain his comment on the American expose of how he used Swedish Charge Cronholm as a messenger and recommended that he be decorated by the Kaiser.

Von Evkhardt denied he had made any recommendations for Herr Cronholm's decoration, "for services rendered to Germany."

When pressed for further details and explanation of the conflict between his denial and the specific letter of March 8, 1916, bearing his signature, as issued by the American State Department, Von Eckhardt took refuge behind his temper. He retired to the inner recesses of the German embassy and declined further comment.

SAYS GIRL WAS STRANGLED.

Physician Testifies in Case of Soldier Accused of Murder.

St. Albans, Vt., Sept. 14.—Testimony indicating that Jennie Hemmingway was strangled was introduced at the trial yesterday for the murder of Robert Warm, of Pottstown, Pa., a member of the United States cavalry stationed at Fort Ethan Allen.

Dr. B. H. Stone, State pathologist, who conducted the autopsy, testified that the condition of the organs of the throat and the lungs pointed conclusively to suffocation. Dr. W. J. Upton, the first physician to view the body after it was found in a cornfield, said that there were bruises on the body, but he had not found evidences of a struggle. His impression was that the body had been placed in the cornfield after death.

Chief of Police John Mahoney testified that the defendant had admitted being with the girl on the night of August 12 when she was last seen alive, but said that they had separated upon being followed by other soldiers.

SUFFRAGE MOVING ALONG.

Hawaiian Women Get it and Anthony Amendment is Placed.

Washington, D. C., Sept. 14.—Without debate or objection the Senate today passed Senator Shafroth's bill authorizing the Hawaiian Legislature to give women who have property and other qualifications of men the right to vote in territorial elections. It also authorizes the Legislature to submit to the territory the question of giving women unrestricted suffrage there.

The Susan B. Anthony resolution for nation wide woman suffrage by contitutional amendment was favorably reported today by the Senate Suffrage Committee and will take place on the calendar for a vote at the session beginning in December.

Whether the suffrage resolution can command the necessary two-thirds vote in the Senate and later in the House is a question. President Wilson so far has refused to put the influence of the Administration behind it although urged to adopt it as a war measure.

Suffrage supporters, however, regard getting it out of committee with a favorable report as a forward step and they welcome the opportunity to get a record vote on it in the open.

German soldiers taken by the French in the recent fighting told their captors that the Kaiser has decreed a reward of 300 marks and three months' leave for the first German capturing the first American soldier.

SAYS WIFE WED HIS SON

Married Him to Save Him From the Draft, Declares Husband.

New York, Sept. 14.—Assistant District Attorney Minton is trying to solve the problem of relationship that exists between Harry Eisenberg, a milkman; his wife, Tillie, and his son, Michael. The elder Eisenberg went to the District Attorney's office this week with his counsel and lodged a complaint of bigamy against his wife, naming Michael, his son by a former marriage, as his wife's second husband.

"I married Tillie 18 years ago after the death of my first wife," Eisenberg explained. "Mike was then 10 years old. She loved Mike from the day she saw him. When Mike was drafted for the war I was away looking after my business. Tillie was afraid Mike would have to go to war and get killed. She talked with some neighbors about it, and when they told her that in order to be exempted from war duty men would have to be married, she took him down to the City Hall, where they were married on August 14. Mike told me all about it."

Assistant District Attorney Minton sent for Lieutenant Stapleton and instructed him to arrest Mike and Tillie, and arraign them in the city Magistrate's Court.

POWDER FAULT FOUND

Discovered at Frankford Arsenal Before Ammunition Was Used.

Washington, Sept. 14.—Brigadier General Crozier, chief of ordinance of the army, yesterday told the Congressional committee investigating the defective ammunition sent to American troops in France that the chemical defect in the powder was discovered at the Frankford Arsenal and not by the troops, and that the forces were notified before any of it had been used.

Russian Cabinet Splits.

Petrograd, Sept. 14.—What punishment shall be meted out to General Korniloff split the Russian cabinet today. Four ministers have left the cabinet. Personal surrender of the revolting army chief is imminent. His troops have melted away to a mere handful. Government troops, which three days ago captured his headquarters to the rear—at Pskoff—press upon him from the rear, and in front is the stone wall defense of provisional troops from Petrograd.

REVOLUTION ENDS.

Russian Rebels Headquarters Surrenders—Korniloff Slated for Firing Squad.

Petrograd, Sept. 14.—Korniloff's counter-revolution has blown up—a bloodless bubble.

The rebel commander's headquarters, some 100 miles from Petrograd, has surrendered. His army, the Vaunted "savage division" in the lead, is disbanding. Korniloff himself is reported to be treating for "terms."

Kerensky, stronger than ever through his triumph, won by patience and persuasion, demands the deposed generalissimo's unconditional surrender. Now that the victory is won, the death penalty has been officially revived in full force, to anticipate recurrences of the revolt. Korniloff is slated to be the first to pay, with his life, for treason to the new Russia.

Premier Kerensky is commander-in-chief of all Russian armies. Gen. Alexieff has been named his chief of staff.

At the very climax of the revolt the Russian army north of Riga, fully rallied from the recent defeat, turned on its Teuton pursuers and threw Prince Leopold's cavalry forces back in the direction of Riga.

Civil war seems definitely averted; the Russian capital saved from a Russian siege. The Kerensky government tonight appeared to have emerged from the chaos stronger than ever. A reorganized cabinet is in the marking. A rule of iron discipline is promised at the front.

SHELL HELPLESS MEN

Two Crews Attacked After Leaving Ships; Three Sailors Killed.

London, Sept. 14.—Two cases of German submarines firing on the crews of sunken vessels after they had taken to the boats were made public yesterday. A submarine sank the schooner Jane Williams, of Arklow, off the coast of Cornwall, Monday by shellfire. The gun was then turned on a boat containing the crew of six, of whom three were killed and the remainder badly wounded.

On the following day the schooner William of Dublin was sunk by a submarine. The open boat in which the crew left the vessel was shelled with shrapnel but only one man was wounded.

FREE SPEECH HAS LIMIT

Judge Says No Man Can Advise Obstruction of the Law.

Sanfrancisco, Sept. 14.—In instructing prospective jurors in the trial, which was under way here yesterday of Daniel O'Connell, an attorney and six other men, charged with conspiring to hamper enforcement of the selective draft law, Judge Van Fleet, of the United States District Court, defined free speech.

"No man," he said, "has a right to carry the liberty of free speech to a point which interferes with the due execution of the law, where his opposition is not an honest one and is actuated wholly by the intention of expressing his views. Sometimes individuals will give expression to views which may have an effect upon the execution of the laws. But, if they are honestly and conscientiously expressed, it is, under our Constitution, the liberty of free speech.

"The citizens have a perfect right to discuss any measure, they have a perfect right to criticise the judgment of the Courts or legislative act. No man has a right to advise his neighbor or the public to obstruct the execution of the law. That is beyond the liberty of free speech."

KILLS FELLOW SOLDIER

Negro In Camp Dix May Be Court-Martialed and Shot.

Camp Dix, Wrightstown, N. J., Sept., 14.—George Westerfield, a private in the Fifteenth New York Regiment (colored), is held in the guard house pending trial by Court-Martial for having shot and caused the death of Private Jasper Johnson. During an altercation over possession over a blanket the other night, Westerfield became enraged and shot Johnson, from the effect of which he died. In such cases, during wartime, a prisoner found guilty of murder usually pays the penalty of his crime in front of a firing squad.

Johnson was very popular among the colored soldiers. He was of a jolly disposition and had made many friends since coming to Camp Dix through his fun-making during baseball games, he having been a member of the regiment's team.

SAYS IT WAS ACCIDENTAL

Were Attempting to Reach Aerodomes of French, Berlin Says.

Berlin, Sept. 14.—German airmen have never intentionally attacked allied hospitals, according to an official statement.

"In the case of the Vadelaincourt raid," the statement asserted, "it was known that 300 paces east of that place was one of the largest of the French aerodromes. Over forty large halls there were occupied by seven French escadrilles. Three of these units operate at night, bombing peaceful villages in Lorraine and Saar.

"Therefore, the French have no right to complain if a shell unintentionally hits the hospital."

This explanation covers only one of the numerous raids upon French, British and American hospital stations reported in recent weeks.

According to French official information the raid on Vadelaincourt hospital, which occurred September 4, resulted in the killing of nineteen persons and the wounding of twenty-six. Many were patients.

Men of the Eightieth Division of the National Army, now at Camp Lee, paid a tribute of recognition this morning at 6 o'clock to the one hundred and third anniversary of the composition of "The Star Spangled Banner" by Francis Scott Key. In recognition of this historical event and its significance to the country and the armed forces at the present time, Major General Cronkhite ordered that all of the troops of his command form in a hollow square around the flag staff at 6 o'clock this morning, and while the emblem was being raised to the top of the staff the command sang "The Star Spangled Banner."

We Can Win—With Food
(Indianapolis Star.)

Seven years ago a famous European student of history prophesied that the next great war would not be won by fighting but by famine. We are today fighting that war and famine is indeed threatening to be its arbiter.

The men of England, Scotland, Ireland, France, Italy and Belgium—our Allies—are fighting they are not on the farms. The production of food by these countries has therefore been greatly reduced. Even before the war it was less than the amount consumed. The difference came more largely from other countries than from American. Now, this difference is greater than ever, and, at the same time, supplies can no longer come from most of the other countries. They must now come from America. Therefore, our Allies depend on us for food as they never depended before. and they ask us for it with a right which they have never had before. For today they are doing the fighting. the suffering and dying—in our war.

We must send them the food they have to have. We will send it. But we can only do it by a wise and loyal economy of food on the part of every one of us. We must stimulate our food production, organize our food handling, eliminate all waste possible, substitute as largely as possible other foods for wheat, beef, pork, dairy products and sugar, and reduce consumption where it is excessive.

RERTIRES FROM PLATE TRADE

American Press Association Sells That Part of Business.

New York, Sept. 14.—Announcement was made here yesterday that the Western Newspaper Union had purchased the entire plate business and plants of the American Press Association in New York and 16 other cities. The union will continue to maintain its 32 branch offices and also will take over the branches of the American Press Association in Philadelphia, Buffalo, Columbus, San Francisco and Portland. Ore. The sale takes effect September 15.

An announcement by Courtland Smith, president of the American Press Association, said his organization retired from the plate business because it was unable to continue it on a profitable basis at present prices. The energies of his organization will be devoted, he said, to the development of its advertisig department.

Can't March to Petrograd.

The Russian people may be hopelessly at odds on internal questions of leadership, but they are a unit in opposing a separate peace with Germany, according to B. Strominicoff, a Petrograd ship engineer, now in Washington, who declared today that the Germans will never get to Petrograd.

"When I left Petrograd last June," he said, "there was fear that Riga might fall, and the army was making preparations for it. As a result, the country between the then German line and Petrograd was heavily fortified, and, in my opinion, the Germans will have a mighty hard time penetrating further into Russia. I am confident that they will never get to Petrograd."

The Rev. Carmand Miller, formerly a professor in Von Bora College, Luray, and a son of the late J. I. Miller, at one time pastor of St. Mark's Lutheran Church, at that place, died Wednesday in Philadelphia, where he was pastor of one of the leading churches. He was one of the best known educators in the South and was born in the city of Staunton, near the ancestral home of President Wilson. He was about 53 years old.

Ed. Proffett, who was shot by his 12 year old daughter at the home on Black Lake in the western section of Wythe county, a few days ago, died Wednesday night. The man was whipping his wife when the daughter shot him with a shot gun. The girl has not been arrested.

CANNOT SURVIVE WINTER.

Both Soldiers and Civilians of Austria, Will be Starved, Writes a High Official.

Geneva, Sept. 14.—The Zeitung of Berne publishes an article from a high Austrian official, who recently travelled through several sections of this country, in which the writer states that Austria-Hungary cannot hold out the coming winter owing to economic reasons, as both soldiers and civilians will be starved.

He gives several reasons, notably, be almost complete destruction of the crops in the richest regions of Hungary by the cold and heavy rain, while 300,000 tons of Roumanian cereals could not be transpor owing to lack of rolling stock, which first of all, is utilized for militar purposes.

In the meantime, he says ,the necessaries of life are mounting to extraordinary prices.

SWEDEN IS NEUTRAL.

Government May be Wrong, but Not People, Press Declares.

Stockholm, Sept. 14.—The conservative newspaper Dagblad prints a bitter editorial on the statements in the British and American press concerning the Luxburg affair. The newspapers says:

"The barrage fire from London and New York editors will fail entirely to frighten Sweden out of its neutrality."

The Svenska Dagebladet resents what it terms "interferences in Swedish domestic problems" and says the allied press is utilizing the present difficulties as propaganda for the formation of a "Swedish party." The newspaper adds:

"All attempts to differentiate between a criminal government and a deceived people in this case is doomed to disappointment. All hints to how we are to group our political parties will not affect us."

CASTRO ALLOWED TO LAND

Former President of Venezuela Misses Ellis Island Visit.

New York, Sept. 14.—General Cipriano Castro, former president of Venezuela, who on two previous visits to the United States was taken to Ellis Island before being allowed to land, arrived here yesterday on a steamship from Mexico. This time he was admitted after a brief detention by the boarding officer of the Immigration Service.

He declined to discuss his visit further than to say that he had been in Havana and Vera Cruz, and shortly would leave for the West Indies.

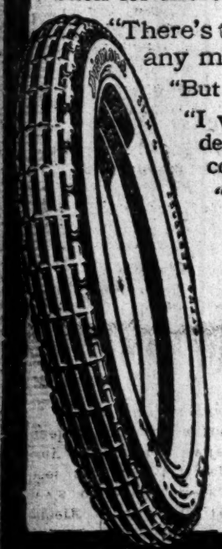
"A run for your money"

"I have used up two hours time and a good disposition selling a man his first Diamond tire. He didn't know the tire very well and wasn't quite sure of me. But there is no money in that kind of business—unless they come back for more.



"There's the point. I can sell almost any make of tire once.

"But what's the use?

"I want to be your regular tire dealer now and for a long time to come.
